

FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

Hello YMCA Members,

We learned on Tuesday, October 20, 2020 that a Kerasotes member has been diagnosed with COVID-19. Upon receiving this information, we immediately executed our COVID-19 response protocol and contacted Sangamon Department of Public Health.

We are closing the Kerasotes facility and performing all cleaning recommendations by Sangamon County Department of Public Health and Center for Disease Control. The Kerasotes Y will reopen for members on Thursday, October 22 with regular operating hours. The Downtown YMCA will maintain regularly scheduled hours.

At the YMCA of Springfield, the safety and well-being of our members, staff, volunteers and participants has always been our top priority.

Thank you for your patience and understanding.

Angie Sowle,
YMCA of Springfield
