Summer Kickoff	Up Up and Away!	Time Warp	Future Explorers	Water World
This is where it all begins! Get to know your camp group leaders and your fellow campers. Bring on the traditions!	Your camper will be immersed in a week-long themed aerospace experience. Take a trip to Mars, launch rockets, learn about deep space travel and a WHOLE lot more!	Travel through time with themed days and activities from a different decade every day! Destinations may include the Wild West, Medieval Times, a 50's Sock-Hop or even a groovy Tie-Dye Day	Campers will participate in activities testing the boundaries of what we believe and know; testing our limits in food; learning new skills, and testing the limits of our artistic imagination.	It's time to get soaked! Splish and splash through an awesome, fun-filled week. Summer is hot, but you'll stay cool with activities like water sponge games, water relays, slip 'n slides and more!

Camp Fortnite	Y's Got Talent	Full STEAM Ahead!	Y-lympics	Camp Rewind
We have taken Fortnite from the digital world and brought it to Summer Camp! Our campers will be able to experience all of the fun and action in real life with games, challenges and activities that will bring their favorite video game to life.	Let your inner performer shine at the YMCA's very own Talent Week. Find your moment in the spotlight with activities like a lip-sync challenge, dance-off, improve skits, and a talent show.	Explore creativity through a variety of introductory S.T.E.A.M. based challenges. You'll enjoy activities such as paper airplane construction, bridge building, structure design, art, mathematics and much more!	Each group will have a country and compete in Y-lympic events. Team unity and participation is essential. Some events will involve skill and energy and others will involve problem-solving. On Friday's closing ceremony one country will take the gold!	Spend the last week of camp revisiting all of our favorite activities and games as we put the entire summer on rewind
